

TOKYO METROPOLITAN UNIVERSITY

# TMU

Tokyo Metropolitan University is the only public university established by the city of Tokyo. We have been engaged in a wide range of academic disciplines in 23 departments, provide an open learning environment towards elucidation and resolution of the unknown, and are promoting interdisciplinary cooperation across the boundary. We are pioneering innovations originating in Tokyo that impact our future society in the capital and the leading city of Japan with a population of 14 million.
