

What's 'Japanese life' Seminar?

Mainly for the first visitors to Japan

International Affairs Office

(REPORT 2016)

PLACE: Tea Lounge, 1st F, International House, Minami-Osawa Campus

PARTICIPANTS: Approximately 50 international students

CONTENT:

Watching the video about disaster prevention in English

Distribution of TMU disaster prevention maps

Explaining about the Japanese medical system, the way to throw away garbage, trash, unwanted items, etc.

You can learn Japanese rules of throwing away garbage, actually trying to separate garbage (using Hachioji rules as an example.)

And, if you're afraid of earthquakes in Japan, this seminar is a must-see!

You can learn how you should evacuate, when an earthquake occurs.

Advance reservation/participation fee not required!
