Dear All International Students:

Two months ago, The Consortium of Universities in Hyogo hosted a webinar talking about the effects of COVID-19 on foreign student hiring.

This month, we will be directly addressing the topic of COVID-19 on your job prospects to answer all of your unanswered questions.

Mr. Austin Zeng (MEXT Scholars Association President), the moderator the last time, will be going through the following.

- * How bad is the situation really for job-hunters?
- * Company hiring trends, including per-sector analysis.
- * How you can increase your chances as much as possible.

We hope to have as much participation as possible - we will have ample time for Q&A too.

So join us for our first ASK US ANYTHING in 2021!
